- Regardless of your plans after high school, three years of professional experience sets you apart from your peers

PREPARATION FOR COLLEGE

- Debt-free college credit
- Apprenticeship can focus your goals to really make your college experience count

Start your profession in one of these modern fields!

HERE'S HOW IT WORKS.

CareerWise apprentices split time between school, the workplace and additional coursework on a schedule that works for students and businesses.

	YEAR 1	YEAR 2	YEAR 3
 AT HIGH SCHOOL Core academic courses at school (e.g., math, science or language arts)	Approximately 3 days per week	Approximately 2 days per week	You've Graduated!
 ON-THE-JOB On-the-job-training, in form of occupation, rotation or projects	12-16 hours per week	20-24 hours per week	32-40 hours per week
 ADDITIONAL COURSEWORK Multi-skill training curriculum in occupation—specific skills	Apprentices will not typically take any additional coursework in year 1. Varies by occupation.	Apprentices will earn an industry-recognized professional certification relevant to their work	Employers have agreed to pay up to \$4,000 in college courses—about a semester's worth.
